1979

PERSONALITIES

DOUGLASS' SECOND ANNUAL HOMECOMING QUEEN

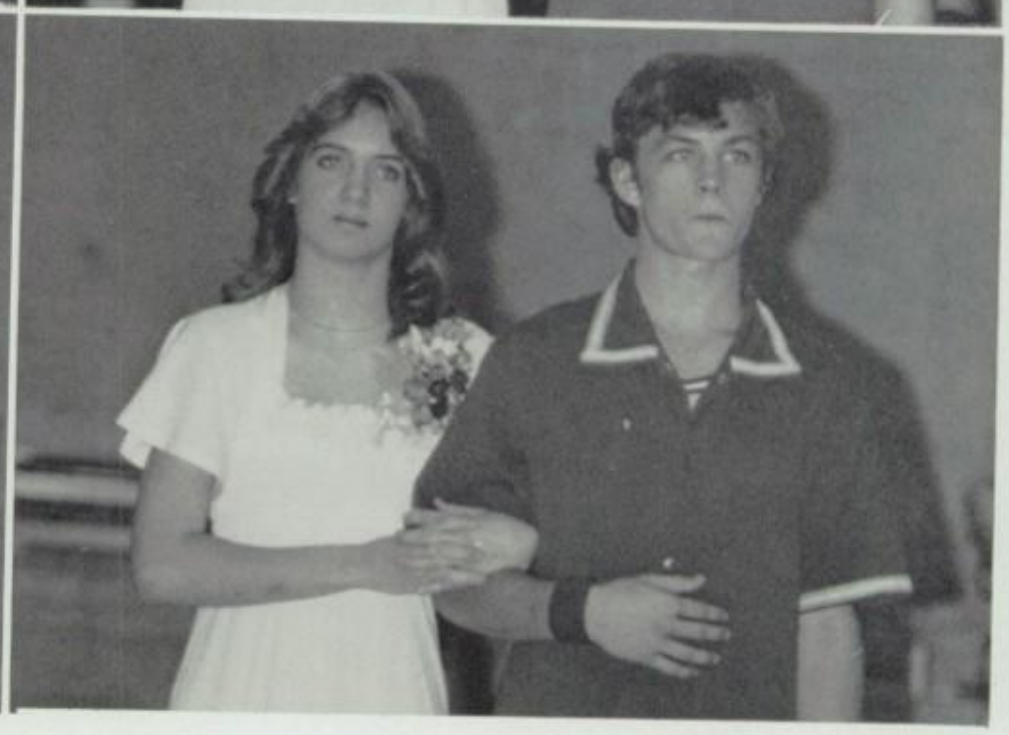
Establishing a tradition, the Douglass High School students elected Susan Milstead as Douglass' second Annual Homecoming Queen.

Susan was crowned by Vickie Perkins, 1977-78 Homecoming Queen, during half-time of the Douglass-Maydelle game. Victory was in the air as Douglass downed Maydelle 55 to 45.

Susan will traditionally crown Douglass' next Homecoming Queen.

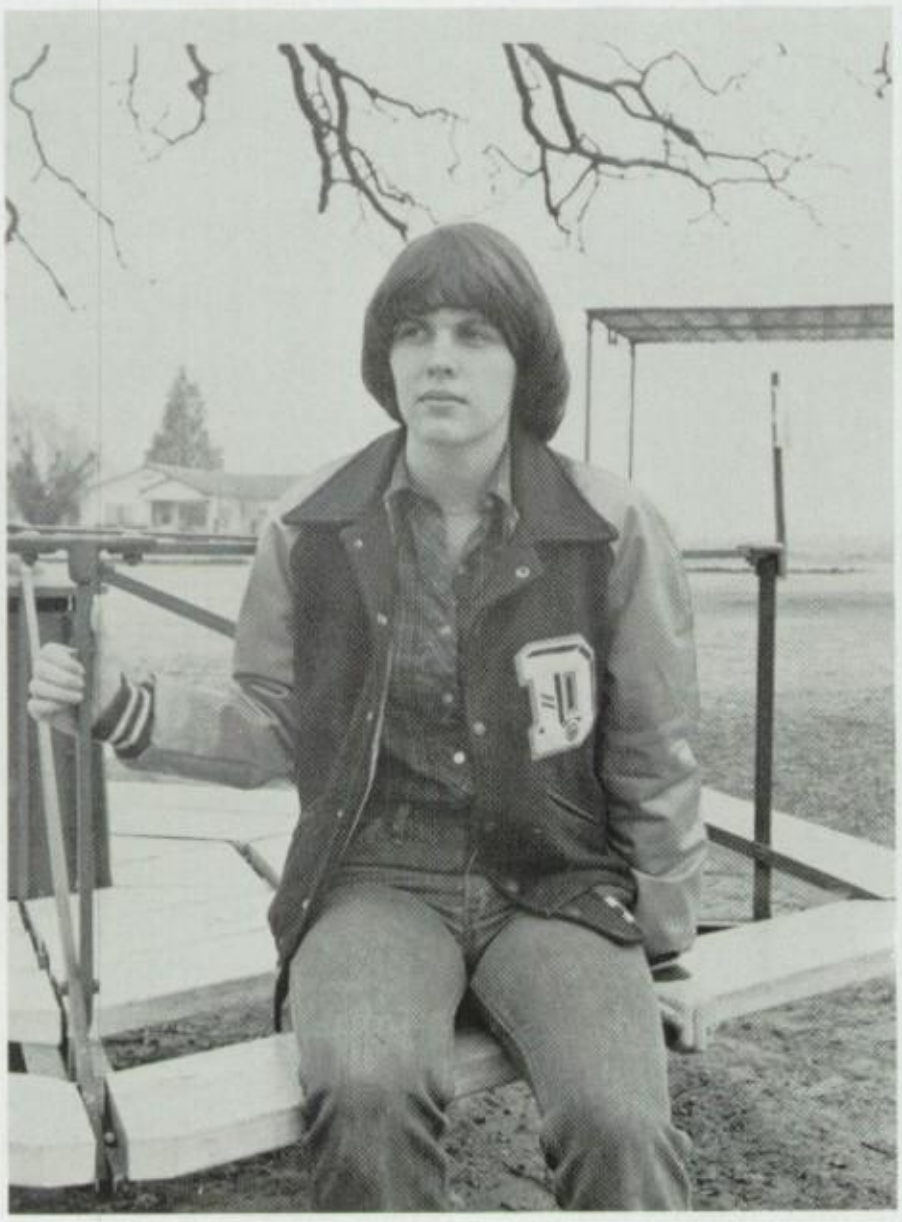
Vickie Perkins, Homecoming Queen for 1978 crowned Douglass' next Homecoming Queen. Joey Tarrant, escort.

HOMECOMING QUEEN NOMINEES:
Top R.: Brenda Deckard; escort Barry Forney
Center L.: Veronica Smith; escort Ritchey Butler
Center R.: Tammy Smith; escort Fred Wolfes
Bottom L.: Sheri Hobson; Steven Milstead
Bottom R.: Dian Mothershed; Dan Chumley

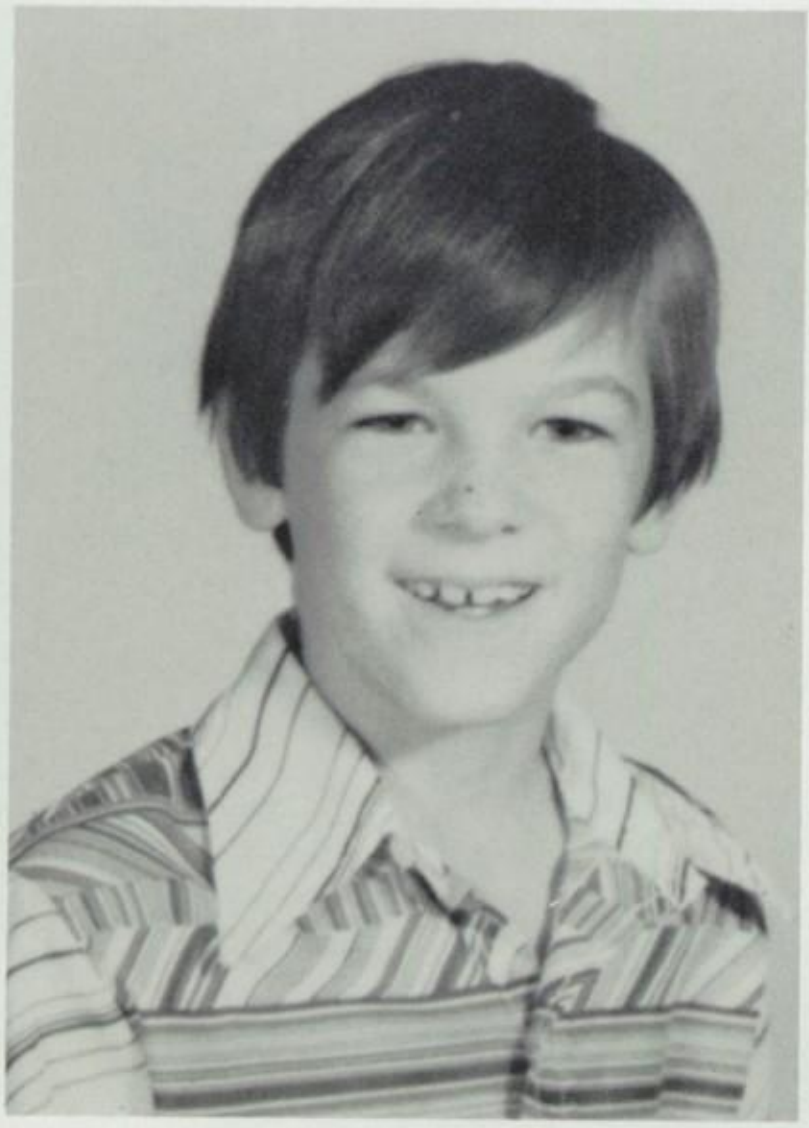


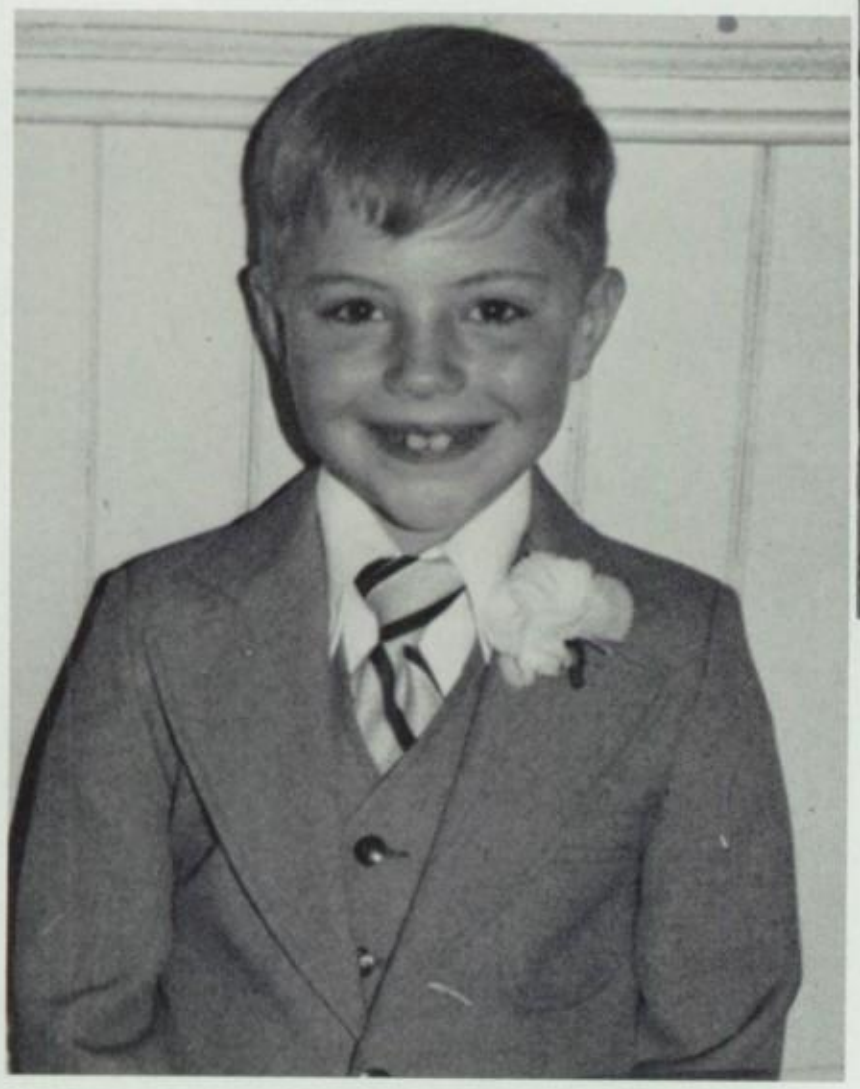
"A" HONOR ROLL

Susan Milstead, eleventh grade; Barbie Tarrant, eighth grade; and Ronda Fisher, third grade.



These students were honored for receiving A in every subject in every reporting period during the year.





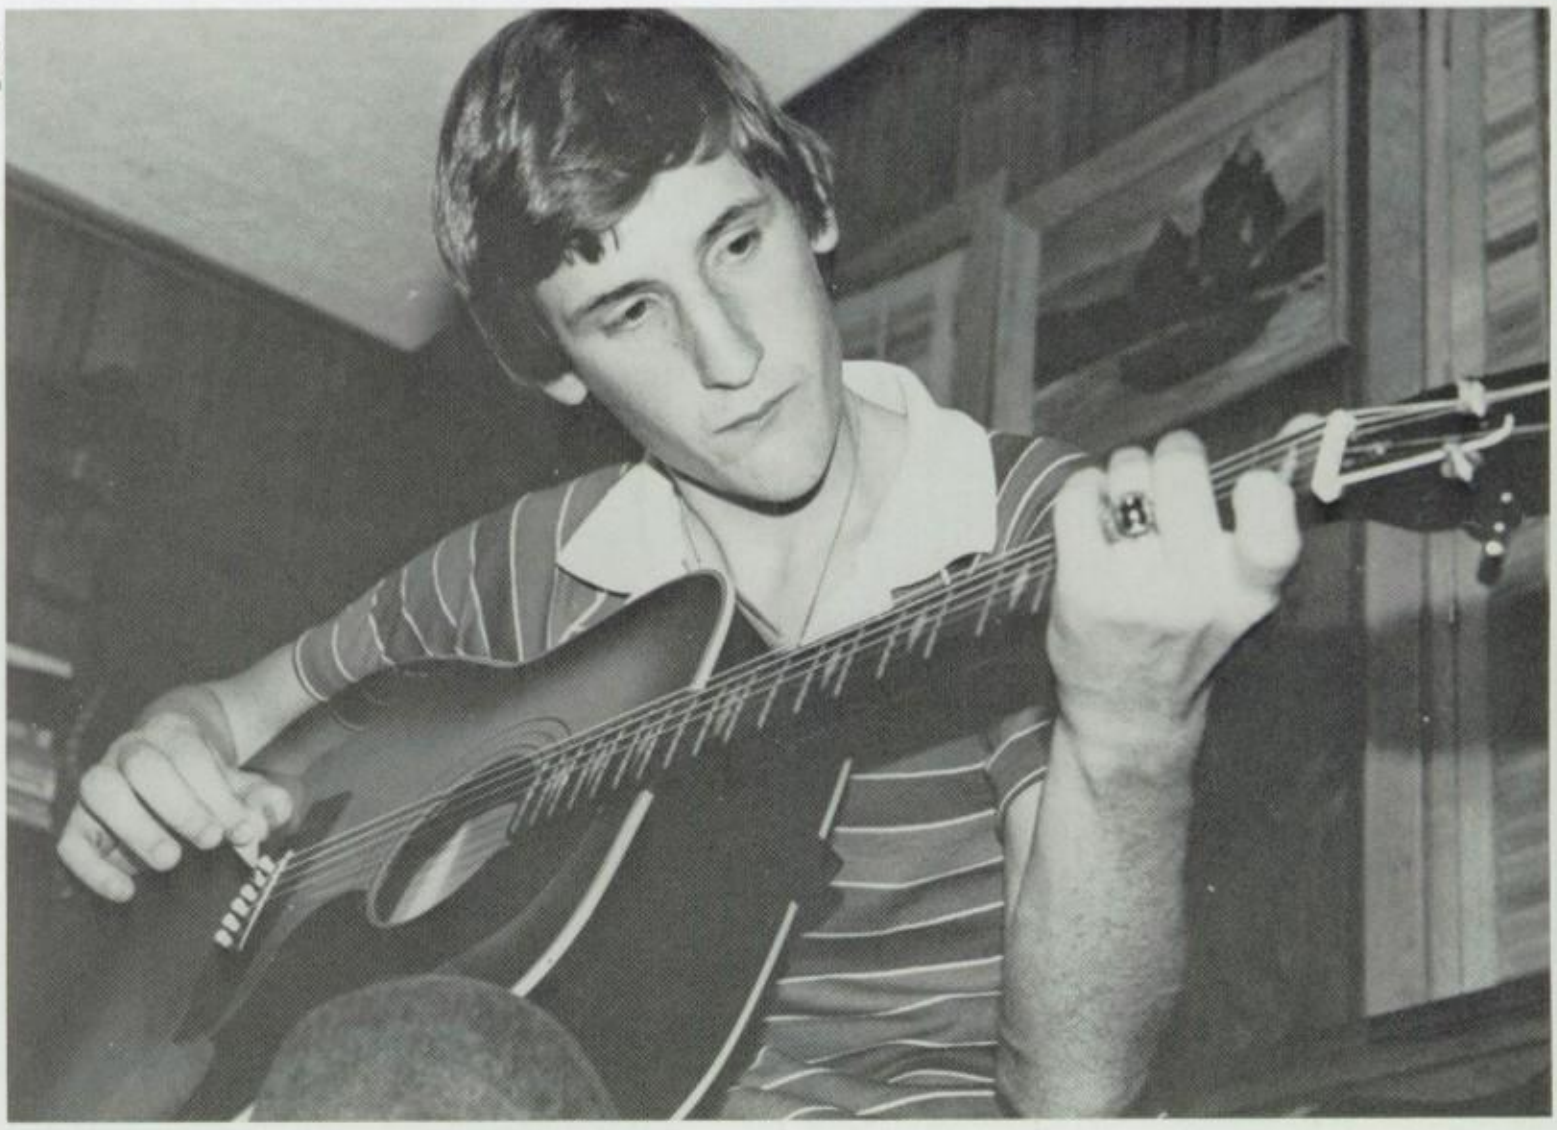
These students were honored for receiving no more than one B in any reporting period during the year.

"B" HONOR ROLL

John Wilkerson, first grade; Clay Latham, second grade; and Vickie Perkins, twelfth grade.

DEKALB AWARD

STEVEN MILSTEAD received the Dekalb Agricultural Accomplishment Award: presented to a senior student recognized for scholarship, leadership, and supervised program in Agriculture. (This photograph of Steven is a 4-H Prize-winning photograph by Susan Milstead.)



ENCOUNTER AWARDS

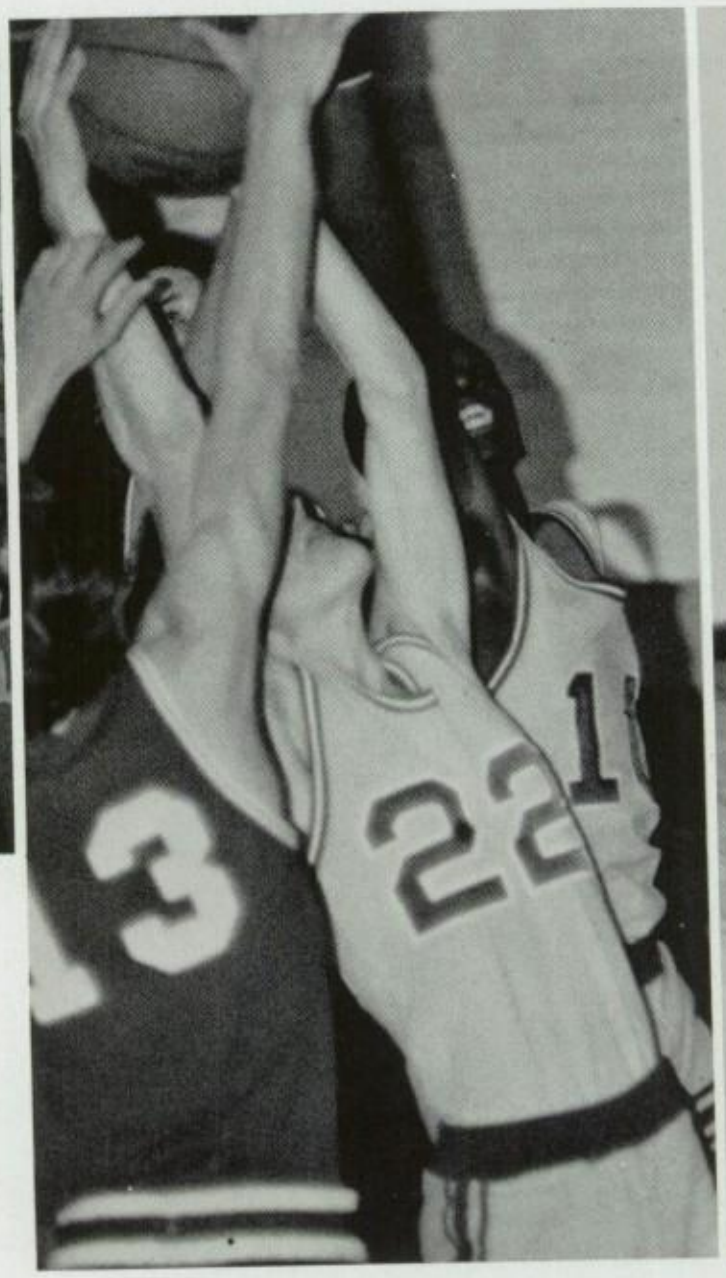
SUSAN TARRANT and SUSAN MILSTEAD received Encounter, Level II Awards in the Homemaking program. Mrs. Helen Alders, Home Ec. teacher, presented the awards.

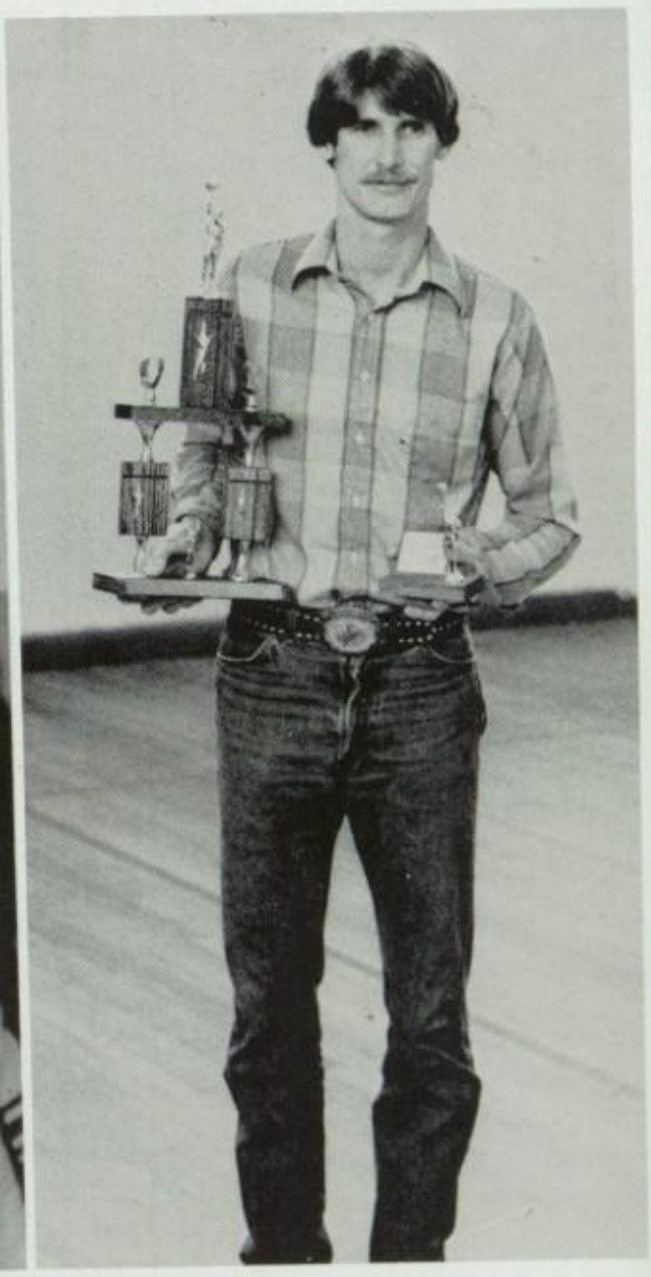
1979

ACTIVITIES

D.H.S. BOYS TEAM FINISHES

DOUGLASS "A" BASKETBALL TEAM
Top: Dan Chumley, Barry Forney, Joey Tarrant, Ritchey Butler, Steven Milstead, Coach L. Collier, Bottom: Jack Allen, Jim Whitaker, Fred Wolfes, Mike Baker





Barry rebounds at Elkart Tourney while Joey and Mike watch.

SAVING TIPS
on electric air conditioning

Central Systems

1. Set thermostat on 78°, or higher.
2. Have equipment checked seasonally by qualified serviceman.
3. Check filter every 30 days. Clean or replace when dirty.
4. Keep furniture, draperies away from air outlets and returns. Clean grills often.
5. Close draperies and blinds to keep out sunlight.
6. Keep fireplace damper closed.
7. Proper home insulation keeps heat out, cuts energy use.
8. Weatherstrip doors and windows. Caulk cracks.
9. Keep windows closed. Open outside doors as little as possible.

Window Units

Follow above suggestions, plus these:

10. Buy units with *highest* "energy efficiency ratio" (EER). If EER is not on sales tag, ask for it or figure it yourself. Divide "wattage" into "BTU" capacity.
11. Place unit where it'll get as little direct sun as possible.
12. Aim air outlets at lower half of doorway to next room to allow warm air from that room to enter at the doortop for recooling, recirculation.
13. Never vent air conditioner into garage. Ventilation is usually too poor for top performance of your unit.

Conserve electricity and you help conserve one or more of the fuels needed to produce it. Conserve fuels and you help assure that there will be enough to meet essential needs for electricity in the future.

If you would like additional information on conserving electricity, call the Customer Service Representative in the TP&L Office.

When the 1979 school year ended, renovation of the school building began.
By mid-June, there was a decided difference in the building appearance.
